EXPERIENCE

Strukton Rail, Malmö — *Statistics and data analysis*

Oct 2017 - Jan 2019

Worked as a consultant reviewing weekly rail track maintenance job completions and processing upcoming jobs. Made bespoke excel templates to identify trends where key track faults were being flagged as well as other requests from the client to help solve on-going data cleaning.

Rybergs Broderskap AB, Malmö —Ops Manager

Jan 2017 - Dec 2018

Responsible for event booking, hiring of staff, maintenance of equipment, logistical planning, payroll and HR issues. As a events company, I was out on the road alot working at events whilst keeping on top of all admin responsibilities.

EDUCATION

Code Institute, Online — Bachelors 1st Class Hons

June 2019 - Dec 2020

Full Stack Software Developer Programme

Coventry University, Distance — *Professional Leadership*

Nominated by my employers at SSP, Bristol Airport, to participate in a Managerial Training Programme
